

WASH BASINS

Part #:

83207020 2 sink sensor operated

83207120 2 sink knee operated

83207030 3 sink sensor operated

83207130 3 sink knee operated

83207040 4 sink sensor operated

83207140 4 sink knee operated

83207050 5 sink sensor operated

83207150 5 sink knee operated

83207060 6 sink sensor operated

83207160 6 sink knee operated

Wash Basin

Our hand wash basins are ergonomically designed to achieve maximum levels of hygiene through the activation of sensors. Constructed from high-quality stainless steel, this wash basin has a siphon mounted in the drain to prevent odors from being released.

Our industrial hand wash basins are equipped with a legionella prevention system with automatic set flushing times. Flushing can be scheduled to start between 24 and 78 hours after the last use (this is adjustable).

Industrial Wash Basin Features

- Made from stainless steel
- Legionella prevention
- Mixer tap
- Efficient drainage

Industrial Wash Basin Options

- Sensor or knee-operated
- Standard (trough sinks)
- 2 to 6 sinks available
