

DZD SOLE DISINFECTION MACHINE

Part #:

83203140 Right side entrance

83203160 Left side entrance

DZD Sole Disinfection Machine

This machine disinfects the soles with a sanitation bath. The bath is automatically refilled with disinfectant. As a result, the system never needs to stand still and avoids excessive use of chemicals. Splash guards ensure the area around the unit remains dry.

DZD Sole Disinfection Machine Features

- Automatic refilling disinfection bath
- Drip-off zone
- Reduced risk of infection
- Disinfectant level indicator
- Fitted with a drain

DZD Sole Disinfection Machine Options

- Available in left or right entrances
