SANICARE HYGIENE STATION (SOLE CLEANING)

This SANICARE Hygiene Station all-in-one efficient machine cleans your soles while you wash your hands.

The station's brushes are activated by motion sensors. After washing, dry your hands with a paper towel then disinfect your hands in the ergonomically-shaped cylinders. When the hands are cleaned, the turnstile is released.

Machine Features

- 4-year warranty on brushes
- Disinfectant level indicator
- Adjustable two-sided dosing
- Fitted with a drain

Machine Options

- Brush length: 39.4" or 59"
- Available in left or right entrances
