Storage and Clothing Lockers

These lockers are made from stainless steel and are ideal for keeping changing rooms or work areas neat and tidy. The cabinets have adjustable feet and a slanting top. This is easier to clean and prevents objects from being placed on top of the locker.

Storage and Clothing Lockers Features

- Stainless steel
- Adjustable feet
- Executed with padlock or key lock
- Ventilation slots

Storage and Clothing Lockers Options

- The cabinets are available with a flat top and in widths of 350, 610, 910 or 1200 mm.
